Hospital**

SEPT. 2011-
SEPT. 2022 DATA

COMPREHENSIVE TEAM

- Comprehensive, compassionate and multidisciplinary team with an extensive history of delivering quality outcomes and patient-centered care
- Dedicated nurse coordinator assigned to each patient to help through the entire process, ensuring a smooth transition from pregnancy to delivery through pediatric care and follow-up

RESEARCH

- 1 of 8 U.S. centers included in both the National Institute of Child Health and Human Development's (NICHD) Neonatal and Maternal Research Networks
- 7 clinical studies conducted through membership in North American Fetal Therapy Network (NAFTNet)
- Conducting National Institutes of Health (NIH)-funded translational research to improve outcomes after fetal surgery by reducing preterm birth with regenerative medicine

PHYSICIAN & PATIENT RESOURCES

Education, transparency and communication are key values of The Fetal Center. The below resources have been developed for physicians and patients:

- Clinical Care Algorithms
- Fetal Condition Patient Education Videos
- Patient Assistance Fund for Qualifying Patients
- Spina Bifida Outcomes Data
- Twin-Twin Transfusion Syndrome Outcomes Data
- Physician Online Access to CME-Accredited Multidisciplinary Conference

CHILDREN'S MEMORIAL HERMANN HOSPITAL

Children's Memorial Hermann Hospital's resources enhance the coordinated care effort for patients from fetal to postnatal care and follow-up. These include:

- Level IV Neonatal Intensive Care Unit (NICU) and Level IV Maternal Designation, the highest level of care designation
- Level 1 Children's Surgery Program, verified by the American College of Surgeons
- ECMO Center of Excellence–Gold Level, designated by the Extracorporeal Life Support Organization (ELSO)
- Only hospital in Greater Houston providing neonatal and maternal critical care in the same facility, including obstetrical trauma care
- Access to all pediatric and adult specialists in the same facility
